## Journal Entry: Movin' on Up to Middle School! Part 1

Write about your transition to Middle School. Were you scared? Excited? Nervous? What were you worried about or most excited about? Did you make any new friends? How did other kids show they wanted to be friends with you? What was your favorite part of the first day of Middle School? What do you think about your classes? Is there anything you wish would have been different? Write as much as you like about your transition. Use a lot of details!
